A Parisian Industry.

A Paris correspondent describes one

of the oldest industries of that city to be

found in a little shop in the Rue des

Ecoles, which deals exclusively with the

secondhand boots of the men who work

in the sewers. These boots are furnished

by the state and come half way up the

thigh, and each man is allowed a new

pair every six months. When now, they

cost \$9, when sold secondhand, they

realize the modest sum of 50 cents, but

as at least 6,000 pairs per annum are

sent to the Rue des Ecoles it makes

quite a booming industry. The leather

of these boots is, so to speak, tanned by

the alkali and grease water in which

the sewer cleaners paddle, and they are

eagerly sought for by the great Parisian

bootmaker, for this leather, being at

once tough and light, serves to sustain

the curve of the Louis XV heel!

His Favorite Color.

Old Mr. Kerr-Muggen, who agrees

with George II in hating "poetry and

painting," and who is never agreeable

except when he is smoking, was engaged

in this favorite amusement on his door

step when Mrs. Gusscher passed.

"Oh, Mr. Kerr-Muggen," she said, "I

am glad to see you enjoying the beau-

ties of nature!"

"Heh! What d'ye mean?" asked Mr.

Kerr-Muggen.

"Why, weren't you looking at the

sunset?"

"The sunset! Well, no, not just

exactly. But, now that you mention it,

it does look fine, doesn't it? Looks a good

deal like a meerschaum pipe just after

it's begun to color!"—Youth's Companion

SUNDAY, OCTOBER 14, 1894.

PREDICTIONS VERIFIED

Two years ago Stewart, Newlands, Wren and other Silver leaders proclaimed from the stump throughout the State that unless silver was remonetized undepreciated dollar times would follow and that the prices of commodities would depreciate. They showed from statistics that wheat, cotton and other products of the soil shared the fate of silver. If that metal appreciated in the market wheat and cotton went up; if it depreciated wheat and cotton went down. To-day silver sells at 68 cents an ounce and wheat at less than 60 cents a bushel. Commenting upon this the *Silver State* says: "Every prediction of the Silver party speakers and press in the last campaign has been verified by the result." At that time the voters were told that with the victory of either of the old parties prices of all products would go lower and lower, and the purchasing power of gold would go higher. Is not such the case? Times are harder all over our nation now than ever before. The Republican party says it is on account of vicious tariff legislation enacted by the Democrats and the Democrats say it is because they could not pass a bill that would give protection a harder blow. Now which is right? Are not both wrong?

"The Silver and People's party say it is the monetary question that's the cause of all the depression in prices of production and labor, and it must be settled before prosperity will again smile upon our people. Voters you must make no mistake in the approaching election. Remember that the people of the East vote for their interest and you must do the same. Don't allow yourself to be wheedled and fiddled into voting for either of the old falsehoods by any of the Republican coated logic put forth by Bartine and his followers. Vote for your neighbor and your family, and this can only be done by supporting the Silver party ticket from Congressman to Regent."

FREE COINAGE THE REMEDY

Judge E. J. Blandin of Cleveland, Ohio, who for years considered the tariff question the paramount issue, has had his mind disabused of that idea. He tells the *Chicago Times* that he is tired of tariff discussion and has come to the conclusion that the money question is the supreme issue and that the country cannot prosper until silver is remonetized. Everywhere in Europe, during a recent visit to that country, he found the same general business depression that exists here. It is not confined to free trade or high tariff nations, but exists everywhere.

Basing his conclusions on observations in Europe, Judge Blandin says that the degradation of the world's financial system is the cause of the business depression, which is universal. Until the wrong is righted and the silver dollar is restored to respectability and power, there will be no commercial health here or elsewhere, and the rehabilitation of silver is what the people should fight for.

That these conclusions are founded on fact, no reasonable person will dispute. Why, then, should the masses of the people divide on minor issues? It is of far more importance to the citizens of Nevada to have the State and the country prosperous than to have any individual in office. The Silver party is based on principles which will restore that prosperity. It is opposed to the Gold Trust and its aiders and abettors, whether they be the plutocrats of the East or the spoilsmen of the West, and everybody, who places prosperity above party, will vote for the success of that party on election day.

THE PROSCRIPTIVE AMENDMENT.

People who believe that the war, which ended in April, 1865, is over and that no distinction should be made between American citizens in any State in the Union, should not forget to vote against the proposed amendment to Section 1 of Article II of the Constitution. Republican papers and speakers alone endorse it or at least do not oppose it. Mr. Bartine, who voted for the Force bill, could not be expected to declare against it. It was proposed by a Republican Legislature, but, to their honor be it said, several members of that party were opposed to it. If adopted, it will disfranchise many good citizens in Nevada and have a tendency to drive them out of the State to less proscriptive communities.

Let it not be said that Nevada, whose citizens have the reputation of being the most liberal in the world, deprived men who served in the Confederate army, when they were boys, of the privilege of electors thirty years after the war ended. The amendment was conspired by a clique of small politicians, and many of those who voted for its adoption frankly admit that they did not know its meaning or object.

The Republicans advance no argument whatever in favor of the election of their candidates. They rely wholly on prejudice and their ability to create dissensions in the ranks of those who are in favor of monetary reform, the payment of railroad indebtedness and the enforcement of the Interstate Commerce act.

ARKANSAS has surprised the country by giving a majority for prohibition at the recent election. Over one-half of the counties in the State declared against license.

The Republican Campaign Opened by Czar Reed.

NO CLUE TO TRAIN ROBBERS.

Permits Granted to Many Hydraulic Mines.

Czar Reed Opens the Campaign.

New York, October 13.—Thomas B. Reed opened the Republican campaign here to-night before an immense audience. The Czar was in magnificent voice and his address was received with the wildest enthusiasm. His address, while dignified, was full of witty sayings and sarcastic remarks about the Democrats and their doctrines. He referred to the denunciation of the Senate for its action on the tariff bill by the President and House, and said my weapons have been taken from me and my occupation as a political speaker for this campaign seem to be gone. He ascribed the cause of the hard times to uncertainty as to what the Democrats proposed to do while they controlled the Government, and called attention to announcements made by Cleveland, Wilson and other Democratic leaders that the tariff fight had only begun.

The Democrats promise war on business certainly, while Republicans must give you rest. We do not promise you prosperity for these conditions are not of our choosing. He admitted the truth of the statement that prosperity led to large fortunes for those who have genius to organize enterprises. The more prosperity there is the more there is to distribute. The only way thus far discovered to distribute consumable and enjoyable wealth is first to give a chance to create it and then let each side struggle for its share.

Races at Carson.

CARSON, Nev., October 13.—The week's racing closed with a big attendance and fine weather. The trot and pace, two in three, was won by Tam O'Shanter, Mamie F. second, Dozero third. Best time, 2:40. You Bet won the quarter dash in 23 seconds, Little Tom second, Dollie G. third. Sure shot men heavily dumped on this. An attempt was made to dope You Bet this morning, but the keeper substituted spirits of nitre and burnt sugar for dope. In the three-eighths dash Lou L. won, Gold Cloud second, Benwick third; time, 36½. In the hurdle race, mile and an eighth, four hurdles, Alcatraz was first under the wire, but the race was given to Albatross as the other went around two hurdles; time, 2:16. The three-eighths dash for county horses was won by Nellie M. in 42 seconds, Billy H. second, Peanut Bill third. The quarter dash for saddle horses was won by Bessie S. in 25 seconds, Billy H. second, Mike Lovey third.

A Convict Stabbed

SAN FRANCISCO, October 13.—Charles Johnson, a convict at San Quentin, was stabbed in the throat by another convict last Friday. His assailant is unknown. Johnson was passing with other convicts up stairs into the yard after supper, when a knife was drawn across his throat. Only the weakness of the blow and the dullness of the weapon saved Johnson's life.

The other convicts regard him with hatred, and made no effort to assist him when he had been stabbed. Johnson professes not to know who cut him, but says he will ascertain and repay with interest. He is regarded as a dangerous man, and was transferred to San Quentin from Folsom on account of his scheming and plotting.

Convicts Manufacturing Burglar Tools.

SAN FRANCISCO, October 13.—It has been discovered that the convicts in San Quentin are engaged in the manufacture of burglar's tools. A convict was caught recently with a bundle of such tools in his possession. They were of the finest make and required expert workmanship. The prison officials are at a loss to ascertain how the convicts found time and opportunity to make them.

Instantly Killed.

SAN RAFAEL, October 13.—J. Homen a Portuguese, working at the shops at Old Sausalito, was caught in a revolving wheel to-day and instantly killed. Homen had his back to a large wheel, which was revolving at the rate of sixty revolutions a minute, cleaning up some rubbish on the floor and in turning backed into the wheel. He was caught and whirled around three times and hurled into the pit horribly mangled.

Football Season Opens.

SAN FRANCISCO, October 13.—The football season opened here to-day with a game between the University of California and Reliance teams. The game resulted in a tie, 12 to 12.

Board of Prison Directors of California, SAN FRANCISCO, October 11.—At a meeting of the Board of Prison Directors to-day Warden Hale of San Quentin submitted a plan for the manufacture of jute goods, such as hop, wool and bean bags.

The Board recommended for pardon Ed Stanfield, a boy sentenced to forty-one years from Kern county for felony. His mother mortgaged her farm in the east to enable her to come to California to secure the liberation of her son. Andreas Dominguez, sentenced to five years from Ventura for grand larceny, was paroled. John McAdoo, sent from San Francisco for ten years for shooting his brother-in-law, was refused parole. McAdoo is the man who escaped from San Quentin and led an honest life in Stockton for ten years when he was discovered and taken back to prison. Edward Langton, under thirty-two years' sentence from Sierra county, was recommended to the Governor for commutation of sentence to sixteen years. Thirteen men are now out on parole and all doing well.

Permits Granted to Hydraulic Miners.

SAN FRANCISCO, October 13.—The California Debris Commission has issued to the owners of the Brandy City mine a permit to operate by the hydraulic process. This is one of the largest mines in the State. It has a water supply of 2,500 miners' inches which is closed by a brush dam. The creek is on a watershed of the North Yuba river. A permit has also been issued to the Nip and Tuck mine, a small property near Bangor, Butte county. Owing to the scarcity of water at this season of the year there is very little hydraulic mining in progress. It was said to-day at the office of the Commission that probably the only one of the mines to which permits have been issued is now in operation. This is the Excelsior at Smartsville, whose water supply is large and constant.

Probably a False Rumor.

SACRAMENTO, October 13.—It is rumored here to-night that Inman, alias Carpenter, Colonel of the Industrial Army last Spring, and the man who stole the funds of the army has been arrested in Woodland on suspicion. Inman was sent to jail here for his theft, and was released only a week ago. He has served two or three terms in State's prison.

Woodland was asked by telephone at 11 P. M. but the newspaper man there replied that he had heard of no such arrest.

Budd at San Jose

SAN JOSE, October 13.—James H. Budd, Democratic nominee for the Governorship, was given a great reception to-night at the Auditorium. Hon. B. D. Murphy introduced the man from Stockton in a very enthusiastic speech and was applauded to the echo by 2,000 people present. Mr. Budd's introduction was a signal for renewed applause and his remarks seemed to make a good impression on his hearers.

No Clue as Yet to Train Robbers. SACRAMENTO, October 13.—Officers have obtained no clue as yet to the men who robbed the overland express train Thursday night near this city. No arrests have been made and so far as can be learned no particular persons are suspected. Detectives seem to be quietly awaiting developments.

Probably Murdered. SANTA ROSA, October 13.—G. W. Bowen of Sebastopol left for Fuller's Mill on Friday last with \$300 to buy lumber. Since that time he has not been heard from. He is eighty years old. It is feared he has been murdered.

A Stage Robber Sentenced. UTAH (Cal.), October 13.—W. H. Braun, who held up the Lakeport stage on Tuesday last, to-day pleaded guilty and was sentenced to seven years in Folsom.

Fast California Racers. SANTA ANA (Cal.), October 13.—Silkwood won the free-for-all race from W. Wood in 2:07, 2:09½ and 2:09.

A church in Vermont recently advertised for a minister, and besides stipulating that he should be young, married and interested in social and church work, insisted that he must be a Republican.

Only the Scars Remain.

"Among the many testimonials which I see in regard to certain medicines performing cures, cleansing the blood, etc.," writes F. H. HUDSON, of the James Smith Woolen Machinery Co., Philadelphia, Pa., "none impress me more than my own case. Twenty years ago, at the age of 18 years, I had swellings come on my legs, which broke and became running sores. Our family physician could do me no good, and it was feared that the bones would be affected. At last, my good old mother urged me to try Ayer's Sarsaparilla. I took three bottles, the sores healed, and I have not been troubled since. Only the scars remain, and the memory of the past, to remind me of the good Ayer's Sarsaparilla has done me. I now weigh two hundred and twenty pounds, and am in the best of health. I have been on the road for the past twelve years, have noticed Ayer's Sarsaparilla advertised in all parts of the United States, and always take pleasure in telling what good it did for me."

For the cure of all diseases, originating in impure blood, the best remedy is

KNOWLEDGE

Brings comfort and improvement and tends to personal enjoyment when rightly used. The many, who live better than others and enjoy life more, with less expenditure, by more promptly adapting the world's best products to the needs of physical being, will attest the value to health of the pure liquid laxative principles embraced in the remedy, Syrup of Figs. Its excellence is due to its presenting in the form most acceptable and pleasant to the taste, the refreshing and truly beneficial properties of a perfect laxative; effectually cleansing the system, dispelling colds, headaches and fevers and permanently curing constipation. It has given satisfaction to millions and met with the approval of the medical profession because it acts on the Kidneys, Liver and Bowels without weakening them and it is perfectly free from every objectionable substance. Syrup of Figs is for sale by all druggists in 50c and \$1 bottles, but it is manufactured by the California Fig Syrup Co., only, whose name is printed on every package, also the name, Syrup of Figs, and being well informed, you will not accept any substitute if offered.

U AND I COMPANY.

What an Oakland Paper Says of It. The U and I Company is billed to appear at McKissick's Opera House on the 22d. The California papers speak very highly of the company. The Oakland Tribune says:

"The company is a first-class one throughout. George P. Murphy, the star, is both clever and funny, two qualifications also possessed by James Post, who carries the other title role. Kitty Kursale, who is remembered by theater goers principally through her engagement with Donnelly & Girard in the Natural Gas Company, is as pretty and winsome as ever, and her work is artistic in every detail. Miss May Ashley has a good voice and sings well, as does Miss Essie Clinton, and the songs and dances of Miss Violet St. Clair are neat and catchy. Clark and Williams in black face keep the ball rolling by their humor, and Ralph Post's eccentric dancing is very comical. Walter Talbot, too, deserves recognition—he has a sweet tenor voice and his singing is one of the gems of the play."

"U and I" is a play that takes well everywhere and the company will doubtless be greeted with a good house when they appear here. Seats on sale at Pinniger's Drug Store.
